FLAT EDGE SEAM

A Flat Edge seam is worked through the ends of crochet stitches.

1. Put the 2 pieces next to each other, right side up and edges together.
2. Bring threaded needle up through centre of first stitch.
3. Insert needle in centre of first corresponding stitch on other piece, then out again at centre of next stitch on same side.
4. Insert needle in centre of last stitch used on first piece, then out again at centre of next stitch.
5. Swap from side to side, always going into the centre of the stitch that the last stitch on that side came out of.
6. Keep the seam firm, but do not pull the yarn too tightly – the seam should not be any tighter than the crochet fabric.
